WHY COFFEE CULTURE AND SPANISH SUMMER CAMP IN COLOMBIA?

Spanish is the world's third most important language. At Coffee Summer Camp, you have an opportunity to learn and practice the language while emerging in Colombia's unique Coffee Culture and beautiful landscapes.

In addition to the region producing some of the world's most renowned coffee, it also serves as the perfect grounds to grow exotic fruits native to the region. Enjoy fruits such as Lulo, Passion fruit and soursop and among others that will be served daily.

THE PROGRAM

Children are taking Spanish as a second language now more often than in the past. Interactive immersive learning allows for faster and better recollection especially when it comes to learning a language.

Recent studies show children losing the equivalent of a month and a half worth of learning over summer break.

Summer Camp in Colombia is designed to keep children learning, mentally active, all white

CAMPESTRE YANUBA RESORT PEREIRA
